Failure to provide all the required information will mean your application is invalid and will not be processed.

Section 8 - Environment Agency

This section asks about any environmental permits that you hold. For instance, if you carry waste as part of your business it is a legal requirement to register as a Waste Carrier. This includes transporting waste while travelling from job to job, to a storage place for disposal later, or to a waste disposal company or waste site. For more information on this, or to register call: 03708 506506 or visit: <https://www.gov.uk/register-renew-waste-carrier-broker-dealer-england>

Section 9 - Local Authority Licences and Refused Licences

This section asks for details of all other scrap metal dealers licences that you hold in **any** other Local Authorities area, along with details of any licences that may have been refused. Please ensure you include the licence number so that we can confirm this against the national register.

Section 10 - Information Commissioner's Office (ICO)

This section asks for details of your registration held with the information commissioner's office. As you are required to keep personal details of any person you buy scrap metal from, it is likely that you will need to register with the Information Commissioner's Office.

Section 11 - HMRC Check

From 4 April 2022, you will need to complete a tax check with HM Revenue and Customs (HMRC) when you renew your site licence to deal in scrap metal.

[Check what you should do](#)

When you have completed the tax check, you will receive a code. You must give this code to the Licensing Partnership. The Licensing Partnership cannot proceed with your application until the tax check is completed and they have received the code.

The Licensing Partnership will only receive confirmation from HMRC that you have completed the tax check, they will not have access to information about your tax affairs.

If you need any extra support from HMRC for example, if you need information in a different format or need help filling in the tax forms, please contact [HMRC](#).

Section 12 - Vehicle Details

This section asks for details of all vehicles that will be used in connection with the business. It is your responsibility to ensure that all your vehicles are roadworthy and are properly taxed, insured and otherwise meet the legal requirements to be on the road. You are required to provide copies of the insurance and V5 (logbook) for each vehicle listed in the application.

Section 13 - Criminal Convictions

This section asks you to set out any relevant convictions or enforcement activity that has been undertaken against you by the Environment Agency or Natural Resources Wales. It is an offence under the Scrap Metal Dealers Act 2013 to make or recklessly make a false statement. The information listed here will be checked against the Basic Disclosure Certificate from Disclosure Scotland that you are required to submit with the application, along with information retained by the police and the Environment Agency or Natural Resources Wales. Details of relevant offences are listed at the end of these notes.

Possessing a conviction may not automatically prevent you from having a licence if the offence was unrelated to being a scrap metal dealer or a long time ago and you can satisfy the Local Authority that you are a suitable person.

A Basic Disclosure Certificate is only valid for a limited time but can be used to apply to as many local authorities as you want within that time. **One calendar month is the longest that you can expect your check to be considered valid.**

Every person listed on the application form **must** submit a Basic Disclosure Certificate from Disclosure Scotland. Their contact details are:

Section 15 - Contact Person

In this section it asks for the name of the person that the Licensing Authority should contact, other than the applicant with regards to the application and to make an appointment to visit the site(s). If this section does not apply then please leave the section of the form blank or state "not applicable".

Section 16 - Payment

In this section it asks you to confirm how you want to pay for your application. You will need to check the website of the Local Authority you are applying to find out the cost. The fee reflects the costs of processing the application and ensuring conditions are complied with.
