

## Bexley Early Assessment of Need (BEAN) and Children Social Care Interface

This flowchart outlines the transition process to follow when the level of a child's needs move from early intervention usually identified through the common assessment (CAF) to Social Care (ie Step Up) and when Social Care involvement ceases (ie Step Down). This guidance provides the general rules for most circumstances. However all actions and decisions must be informed by professional judgement and the need to ensure the best outcomes for a child.
