**Note:**

This is not a definitive list of ‘special treatments’. It is provided by way of guidance only. The fact that a treatment does not feature on the list does not automatically mean that it can be provided at a premises without the need for a licence. The first point of contact for advice on any treatment not listed is via the Council’s Health & Safety Team.

**E\*** Treatment is exempt as it must be carried out by a Registered Medical Practitioner or a Registered General Nurse.

**E\*\*** Treatment is exempt when carried out by a therapist who is a member of an exempt body.
