Introduction

1. Section 88P of the School Standards and Framework Act 1998 requires Local Authorities to make an annual report to the adjudicator.

2. The School Admissions Code (the Code) at paragraph 6 sets out the requirements for reports by local authorities. Paragraph 3.23 specifies what must be included as a minimum in the report to the adjudicator and makes provision for the local authority to include any other local issues.

3. There are other matters concerning admissions, some suggested by local authorities, about which it would be useful to have a view. Rather than undertake a separate exercise in which information is sought from local authorities, you are asked to include any relevant information in your report to the adjudicator.

Completing the Template

This template is designed to be completed electronically - boxes will expand as necessary.

Throughout this report, please include middle deemed primary schools as for pupils up to age 11 and middle deemed secondary schools as for pupils over 11. For schools that have children of primary and secondary age and are not designated as a middle school please record them as all-through schools.

Where a type of school is given, foundation covers foundation schools and foundation schools with a foundation (trust schools). Academy schools should be recorded by the individual type of academy school, namely, academy, free school, UTC or studio school.

1. Local Authority school numbers

Please give the total number of schools by type within your local authority as at 30 June 2014.

2. Admission Arrangements for Admissions in September 2014

The Code at paragraph 3.23 requires that each local authority must report on how well the admission arrangements for state-funded schools (of all types) in its local authority area serve the interests of the groups of children listed below.

Please include details of any problems that have arisen for these children while allocating places for admissions in September 2014, for example any admission arrangements for own admission authority schools that could be interpreted as implying the school has some discretion over the admission of children who have a statement that names the school or looked after children and previously looked after children other than the permitted exceptions.

(e) If you have any information about how many schools parents approach before obtaining a place, please comment?

Comments: The majority of parents, especially those seeking primary places, make their first approach to the LA.

(f) How confident are you that the requirements of the Code at paragraph 2.22 for schools to keep the local authority informed about applications and the outcomes are being met?

Tick as appropriate: Very confident □ confident √ not confident □

(g) Across your local authority area how well have in-year admissions worked this year?

Tick as appropriate: Better than last year □

The same as last year √

Less well than last year □

(h) Please comment on the effectiveness overall of in-year admission arrangements across all types of schools in your local authority.

Comments: The LA continues to co-ordinate in year admissions for community and VC schools and works closely with Academies and VA schools to ensure that vacant places are filled quickly and that children out of school are placed without delay. If parents approach schools and a place
cannot be offered, the application is referred to the LA. Many own admission authority schools believe that co-ordination benefits schools and parents by reducing multiple applications and wasted admin time
