Planning Application:- 19/03072/FULM 2,4,6 and 8 Danson Road, Welling

Dear Sir/Madam.

I write on behalf of the Planning, Conservation and Environment Committee of the Bexley Civic Society. Having examined this application we register our objections.

This proposed development is totally out of character with the surrounding area, and is not respecting adjoining residential properties. The height of some of the units i.e. three storeys, is further proof of the project being out of character.

It is claimed the development will enhance the Park Entrance, we feel this cannot be so. The rear buildings are far too close to the driveway into the park.

Ken Chamberlain

Chairman
